QUALITY POLICY

GEOSTORAGE Ltd is committed to providing customs, storage-logistics and transportation services that are reliable, fast, safe and damage free.

We strive to achieve this by:

- Promoting an understanding of our customers' needs and expectations, together with a culture of exceeding customer expectations.
- Developing processes by fully integrating the services provided by our suppliers and partners.
- Monitoring our performance through performance metrics in order to continually improve our processes and services.
- Utilizing our ISO 9001:2015 quality management system with EU GDP standard (2013/C 343/01) for all company processes everywhere, every time, without exception.

GEOSTORAGE Ltd aims at continuously development of services in order to meet customer requirements; thus gaining and maintaining the trust of its stakeholders by assessing and meeting their needs and expectations.

Internally, GEOSTORAGE Ltd practices the culture of a "development organization". The effectiveness of its strategies, and services, the capacity and professionalism of its staff and the quality of its internal systems and processes is subject of permanent review and development according to stakeholder feedbacks.

GEOSTORAGE Ltd practices a system of highest internal and external accountability and aims at the utmost degree of transparency in its performance.

Performance-quality, effectiveness and efficiency is subject of periodical external evaluation by independent qualified bodies in order to ensure, that it complies with its own mission, standards and objectives, legal requirements, stakeholder regulations and generally accepted international quality standards.

Mission and quality policy is reviewed and if necessary updated during the yearly review meetings using participatory methods including Management Team to ensure, that they are adapted to internal and external changes and understood and shared by all relevant internal and external stakeholders.

In generic terms, this commitment is: GEOSTORAGE Ltd is committed to provide clinical trials with customs, storage, delivery, transpiration services
